WELCOME TO PackMax USA

PackMax USA LLC is a leading provider of innovative and sustainable packaging solutions, dedicated to serving diverse industries including food and beverage, cosmetics, pharmaceuticals, and consumer goods. Based in the United States, our company specializes in offering high-quality packaging products that combine functionality, durability, and design excellence.

TABLE OF CONTENTS

Passion is energy.
Feel the power that's
comes from focusing on
what excites you.

Statement from Our CEO.

“As the CEO of PackMax USA, I am proud to lead a company that is dedicated to customer satisfaction and delivering tailored solutions to meet the unique needs of each business. Our diverse product portfolio includes a wide array of packaging materials, from flexible and rigid packaging to environmentally friendly options, ensuring we meet the ever-evolving demands of today’s market.

At PackMax USA, we combine advanced technology with industry expertise to optimize supply chains, minimize environmental impact, and elevate brand value for our clients. Our experienced team works collaboratively with partners and customers worldwide, building lasting relationships based on trust, reliability, and innovation.

Choose PackMax USA for packaging solutions that not only drive efficiency and sustainability but also fuel your business growth.”

Pump and Sprayers

We offer a variety of pumps
and sprayers, assembled in
the USA with custom dip tube
sizes for optimal performance.

Direct Partnership with the Factory

We take pride in our direct collaboration with the factory, bypassing intermediaries and distributors. This direct partnership enables us to maintain clear, efficient communication and ensures exceptional product quality, streamlined operations, and highly competitive pricing. By working closely with the factory, we guarantee transparency, reliability, and a solid foundation for long-term success, creating a seamless and trustworthy experience for our clients.

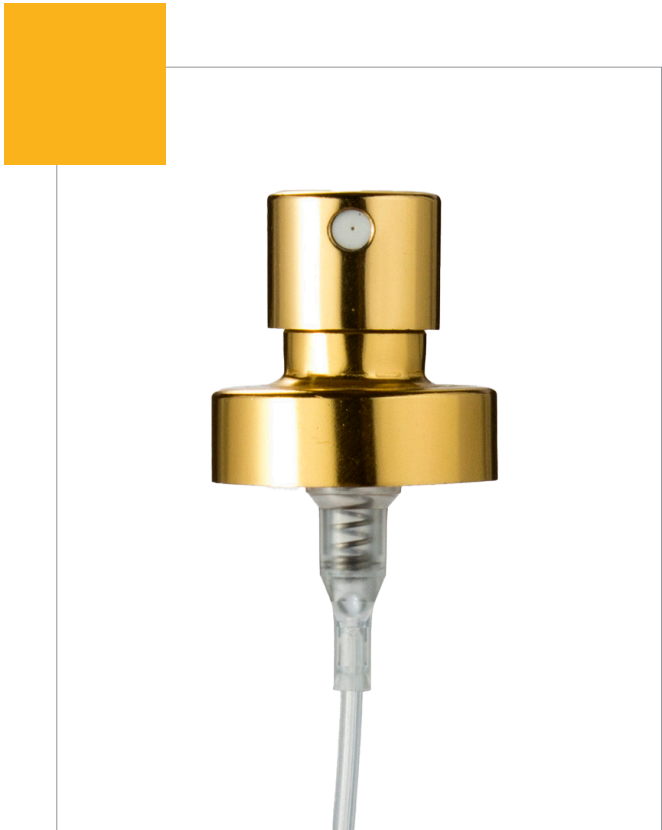

WHAT’S HAPPENING!!!!

We are bringing Manufacturing to South Florida

PERFUM SPRAYERS

A perfume sprayer is a specialized dispensing mechanism designed to deliver a fine, consistent mist that enhances the fragrance experience. Engineered for precision and elegance, it ensures optimal distribution, releasing the perfect amount of product with each spray. Its smooth, controlled action prevents overspray, making it ideal for perfumes, colognes, and body sprays. Perfume sprayers often feature a sleek, ergonomic design with a protective cap to maintain hygiene and prevent leaks, while the nozzle is crafted to create a delicate, luxurious mist that lingers beautifully on the skin or fabric.

Transform Every Drop Into a Luxurious Mist – Perfect Precision, Lasting Fragrance

Este elegante y moderno pulverizador de perfume ofrece una fina y controlada niebla para una experiencia de fragancia excepcional. Con un acabado metálico duradero y una boquilla de precisión, garantiza una aplicación suave y uniforme en cada rociada. Ideal para perfumes, colonias y brumas corporales, combina estilo, funcionalidad y rendimiento, aportando un toque de lujo a cualquier producto.

MIST SPRAYERS

A fine mist sprayer is a precision dispensing mechanism that releases liquids as a delicate, even mist. Widely used across industries such as personal care, cosmetics, household cleaning, and healthcare, it ensures optimal product distribution.

Spray Pattern: Delivers a light, consistent mist, making it ideal for applications like perfumes, facial sprays, hair sprays, and cleaning solutions.

*Transform Every Drop
Into a Delicate Mist –
Even Coverage,
Effortless Precision*

Pulverizador de Niebla Fina – Precisión y Elegancia

Este elegante y de alto rendimiento pulverizador de niebla fina ofrece una bruma uniforme y ultraligera en cada uso. Con un collar estriado para un agarre seguro, una tapa protectora transparente para mayor higiene y una boquilla de precisión, es perfecto para productos como perfumes, brumas faciales, aerosoles para el cabello y soluciones de limpieza. Diseñado para una cobertura uniforme y una aplicación sin esfuerzo.

Droppers

And More...

Create Your Perfect Dropper with Us

Customizable Dropper Solutions – Mix & Match for Your Perfect Fit

Our mix-and-match dropper offerings provide endless possibilities to create the perfect dispensing solution for your product. With a focus on versatility and customization, you can select from a wide variety of components to achieve the ideal look, feel, and functionality. Start with closures available in smooth or matte finishes, offering a sleek, polished appearance or a modern, soft-touch aesthetic that enhances the user experience. Pair this with a range of color options, from timeless black and white to vibrant, custom hues, allowing you to align with your brand identity and make your product stand out on the shelf.

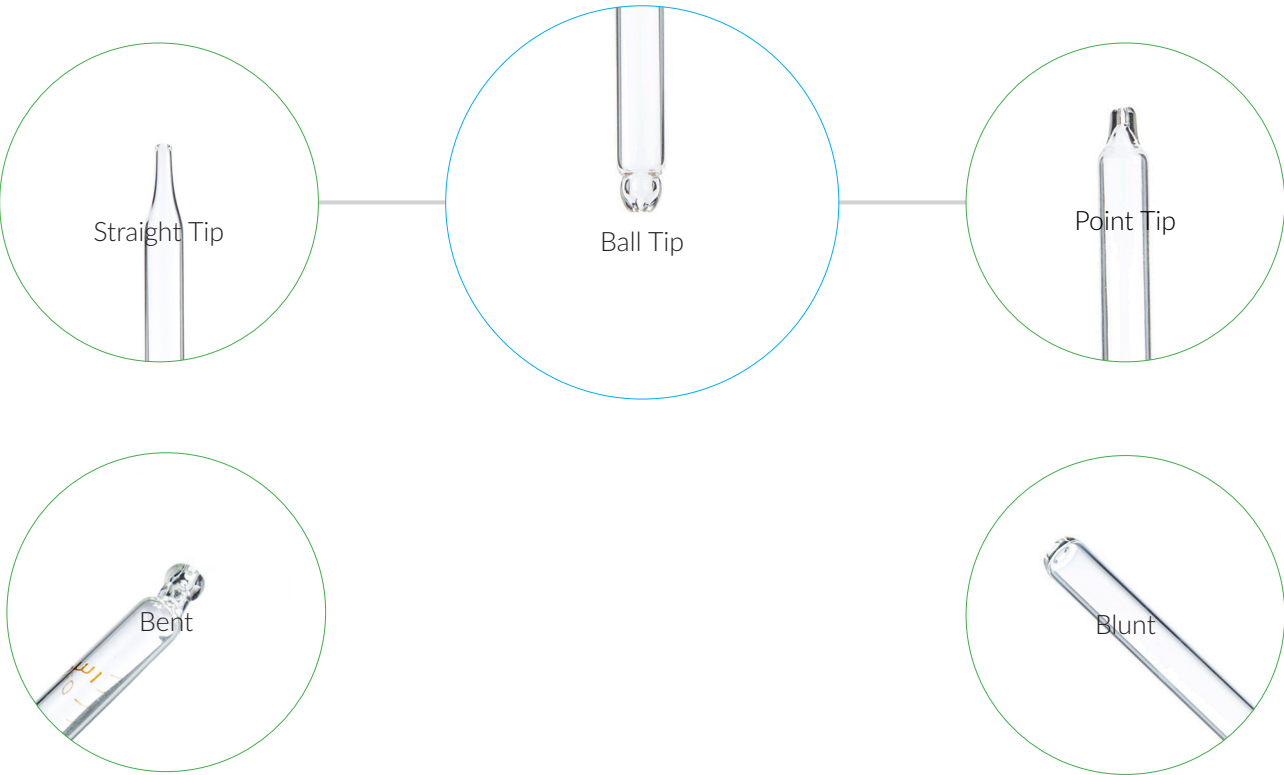

Soluciones Personalizables de Gotero – Combina y Ajusta para el Encaje Perfecto

Nuestras opciones de goteros combinables te permiten crear la solución de dispensación ideal adaptada a las necesidades de tu producto. Elige entre una variedad de componentes, incluyendo acabados lisos o mate para un estilo elegante o moderno. Personaliza el cierre con una amplia gama de colores que se adapten a tu marca, desde los clásicos negro y blanco hasta tonos vibrantes que destacan.

Personaliza aún más tus goteros con diferentes formas de pipetas, como rectas, curvas o cónicas, diseñadas para adaptarse a diversas formulaciones y necesidades de dosificación precisa. Ya sea para sueros, aceites o tinturas, nuestras combinaciones versátiles ofrecen funcionalidad y estilo, asegurando que tu producto destaque en el estante mientras brinda un rendimiento confiable y consistente en cada uso.

PURE TOUCH PUMPS

Pure Touch Pumps are advanced bottle pumps designed to maintain the purity of your liquids by preventing fluid from re-entering the bottle, effectively eliminating the risk of contamination. Unlike traditional pumps, they feature a unique purity protector that traps excess fluid in a dish-shaped lid, ensuring a clean and efficient dispensing experience.

Key features of Pure Touch Pumps include one-handed operation for ease of use, compatibility with both Menda HDPE plastic bottles and glass bottles, and an optional locking mechanism for secure travel. These pumps are ideal for technicians who require hygienic and precise dispensing of acrylic liquids, acetone, alcohol, or similar fluids. Additional benefits include reduced fumes, minimized waste, and enhanced containment, making them a practical choice for both professional and personal use.

With their innovative design and focus on purity, Pure Touch Pumps offer a reliable, efficient, and user-friendly solution for maintaining cleanliness and preventing contamination.

Clean, Convenient, and Contamination-Free

Las bombas **Pure Touch** son dispensadores avanzados diseñados para mantener la pureza de los líquidos al evitar el reingreso de fluidos en la botella, eliminando el riesgo de contaminación. Su exclusivo protector de pureza atrapa el exceso de líquido, garantizando una dispensación limpia y eficiente.

Su diseño innovador asegura una solución práctica, confiable y fácil de usar para mantener la limpieza y prevenir la contaminación.

TRIGGER SPRAYERS

A trigger sprayer is a versatile dispensing mechanism designed to deliver liquids in a controlled spray, stream, or mist with the simple pull of a trigger. Known for its ergonomic design, it provides ease of use, making it ideal for household cleaners, gardening products, automotive care, and personal care solutions. The trigger design allows for repetitive use without hand fatigue, while the adjustable nozzle offers multiple spray patterns to suit various applications, from fine misting to targeted streams. Durable and reliable, trigger sprayers are often equipped with a locking mechanism for safety and a dip tube for efficient product usage, ensuring functionality and convenience across industries.

Pulverizador de Gatillo Ergonómico

Diseñado para ofrecer comodidad y precisión, este pulverizador de gatillo garantiza un rendimiento constante con cada uso. Su diseño moderno y elegante asegura una dispensación sin esfuerzo, mientras que su mecanismo duradero proporciona fiabilidad a largo plazo. Perfecto para productos de limpieza, cuidado del cabello y aplicaciones domésticas, combina eficiencia y funcionalidad fácil de usar para una experiencia mejorada.

FOAMER PUMPS

Foamer pumps are specialized dispenser pumps designed to transform liquid formulations into foam during dispensing. Unlike standard pumps that deliver liquid or mist, foamer pumps blend liquid with air, producing a uniform foam with a soft, luxurious texture. These pumps are commonly used in products such as facial cleansers, hand soaps, hair care items, and even certain pharmaceuticals.

Their popularity stems from their ability to provide precise dosing while enhancing the user experience, often requiring less product to achieve effective coverage. Additionally, foamer pumps are designed to minimize waste and are user-friendly, making them a practical and eco-conscious choice for both manufacturers and consumers.

Transform Every Drop Into Luxurious Foam – Purely Clean, Minimally Wasteful

Bomba Espumadora – Precisión y Rendimiento

Diseñada para generar una espuma suave y uniforme en cada uso, esta bomba espumadora de alta calidad combina funcionalidad y eficiencia. Su diseño elegante incluye una tapa transparente para mayor higiene y protección, mientras que su robusto mecanismo garantiza una dosificación confiable. Perfecta para aplicaciones de cuidado de la piel, jabones de manos y productos para el cabello, ofrece una espuma lujosa mientras minimiza el desperdicio de producto.
